

Case Study

Dexia

200 ALDERSGATE, LONDON

Office Fit - Out
Value: £800k | July 2011

WILLMOTT DIXON
GROUP

Description Dexia, a leading European bank, has secured prime space in the City and have decided to partner with Kanvas to deliver the fit-out of their impressive new space.

Following workplace appraisals stage which allowed comparing 3 shortlisted buildings the client selected the 13th floor of the prestigious 200 Aldersgate building.

The forward-thinking organisation is adapting to the anticipated continued challenges that face the financial sector by consolidating in London and operating out of purpose-designed and built space that will help increase the efficiency and responsiveness of organisation.

The fast track project programme delivered a slick modern classic design scheme, including open plan office space, meeting suits and a stylish staff breakout area opening up to a terrace with stunning panoramic views of London.

Key Facts Value: £800m
Duration: 6 Weeks
Start on site: July 2011
