

Case Study

GSA Capital

MAYFAIR, LONDON

Office Fit - Out
Value: £1m | April 2011

WILLMOTT DIXON
GROUP

THE SUNDAY TIMES

Description

Located in a prestigious building in the heart of Mayfair, GSA Capital required an effective workplace providing an efficient, comfortable environment that fosters the creativity necessary for intensive research and development whilst avoiding ostentation and maintaining a professional and functional design.

The design scheme achieves this and makes use of many exceedingly high standard products and durable materials deployed to an excellent finish.

The project featured included upgrading all mechanical services, installing a new state-of-the-art communications room, feature energy efficient lighting, outstanding bespoke joinery and high-quality double glazed partitioning.
