Description

Following a company merger, Mazars - the international accountancy and consultancy group - wanted to create a new meeting environment that would be a unique and memorable experience for all clients visiting the firm.

The 3 month workplace consultancy exercise that Mazars undertook, enabled project designers to develop a scheme that challenged their existing culture and provided a solution that encouraged staff integration and fluid communication.

The project fit out provided a new client business centre, including a reception and waiting area, commercial grade coffee bar, open plan office environment and complete furniture and storage solution. In addition, a new meeting facility was completed that exceeded all project objectives.

Key Facts

Value: £3.3m

Duration: 12 Weeks

Start on site: March 2008
