

Case Study

Monmouth County Council

MAGOR, WALES

Office Fit - Out
Value: £800k | June 2011

WILLMOTT DIXON
GROUP

Description Monmouthshire County Council has appointed Kanvas Interiors to undertake full design and fit-out works on their new state of the art building in Magor, South Wales, which the council has recently purchased.

Kanvas secured the project after a successful instruction to undertake a detailed workplace consultancy piece and initial design planning stage.

The first phase of the scheme included a full 'Cat A' refurbishment of the second floor of the building and dilapidations and strip out works of the ground and first floors.

Following that, the second phase involved realising the design and undertaking the 'Cat B' works.

The scheme includes multi-use areas accessible to both members of the public and the council, flexible meeting spaces, large open plan office areas utilising the latest hot-desk occupation models, informal meeting points, large break out areas and a facilities hub on the ground floor.

Key Facts Value: £800k
 Duration: 13 Weeks
 Start on site: June 2011
