Description Willmott Dixon Interiors team has been appointed a prestigious contract to fit out the new offices for the Alexander McQueen fashion house.

Working with POD Architects Willmott Dixon Interiors will fit out the space in Dover Street, Mayfair to create a high end retail unit and office space, set out across 6 floors, including a basement. The scope of works includes demolition and alteration works, a construction.

of a small rear extension, replacement / refurbishment of existing facades and internal fit out of retail and office floors to create a 'warehouse' feel to this flagship outlet for Alexander McQueen.

The initial preparations on site started in December 2011 and the works are expected to be completed end of March.

Key Facts Value: £1.5m
 Duration: 14 Weeks
 Start on site: December 2011
